

Executive Company Profile

TOP 20

MOST INFLUENTIAL CONSULTANCIES

Recognized Among the
Region's Most Influential
Aviation Consultancies
in **2025**

[Click here to read more..](#)

KAMS Global was named one of the 20 Most Influential Consultancies Shaping Aviation in the Middle East by Aviation Business Middle East — recognizing our growing impact across the Gulf region and Saudi Arabia's rapidly evolving aviation sector.

Saudi-Born & Sector-Focused
Deeply rooted in KSA's aviation
ecosystem since 2013

Regulatory & Policy Expertise
Trusted by authorities and operators
across MENA

Regional Presence, Global Standard
GCC offices, international partnerships,
local insight

The Business Lines

Management Consulting

Strategic Consulting. End-to-End.

- Aviation economics & airline startups
- Licensing & certification
- Regulatory approvals & compliance
- Business modeling & transactions
- Due diligence
- Offsets & Industrial Participation
- Capability development strategy & localization frameworks

Aviation Infrastructure & Asset Management

From Concept to Commissioned.

- Hangars, helipads, airstrips (design, development & certification)
- Terminal operations (airside & landside)
- Airside systems integration
- Authority approvals & certification pathways
- Asset management
- Operations, Management and Charter

Products & Technical Services

Precision Supply. Proven Support.

- Customized GSE
- Specialized Tooling & Testing Equipment
- Mobile ATC
- Integrated aviation systems
- OEM technical integration
- Technology transfer enablement
- Airfield Lighting Systems

Engineering & MRO Solutions

Built to Perform. Certified to Fly.

- Simulator development
- MRO capability enablement
- Engineering support & modification programs
- Technical documentation & systems integration
- Local operational support via MRO partnerships

01

Management Consulting

CASE STUDIES | SELECTED KSA CLIENT ENGAGEMENTS

Aviation Consulting · Licensing & Certification · Airline Start-up · Industrial Participation · Organisational Transformation

Licensing & Certification

Riyadh Air

Saudi Arabia's latest national carrier

Delivered end-to-end GACA Part 121S Air Operator Certificate (AOC), encompassing IOSA/ISARP-compliant operational manuals and full regulatory documentation. Led the development and implementation of a comprehensive Safety Management System (Level 1 & 2), and supported aircraft induction and conformity processes.

Licensing & Certification

The Helicopter Company (THC)

KSA's first commercial helicopter operator

Established a fully compliant, scalable framework across tourism, EMS, and private charter operations — securing GACAR Parts 121SU, 145, 133, and 135 certifications. Designed and deployed an ISBAO-aligned SMS, and led the 'Roadmap to Excellence' — a full-scale business process and organisational transformation programme.

Industrial Participation (Localization)

Confidential

Localization Program

Delivering aerospace Industrial Participation Program (IPP) obligation through localization of MRO, Human Capital and engineering services. Establishment of a Rotor Blade Shop, Part 145 Certified and U.S. Army (SRD) Approval and implemented quality assurance and manpower training frameworks.

Licensing & Certification

Aloula Aviation

Mukamla | Est. 1934, 60+ aircraft fleet

Supported KSA's oldest aviation services provider in building a fully compliant commercial operations framework. Delivered a turnkey solution for GACA 121U and 121SU Aircraft Operator Certificates — covering all requisite documentation, processes, and compliance infrastructure.

Start-up & Project Management

NESMA Airlines

NESMA Group | Domestic, regional & Hajj/Umrah carrier

Provided turnkey airline start-up consulting under GACAR Part 121S — encompassing organisational structure, strategic planning, operational execution, GACA licensing, aircraft lease, entry into service, and Hajj & Umrah service establishment.

Strategic Advanced Air Mobility

KAMS Global is introducing and aims to localize this expertise within the Kingdom of Saudi Arabia, aligning with national aviation strategy and future mobility objectives.

- Localizing proven **AAM** operational and **infrastructure** models to comply with **civil regulations**
- Supporting regulatory engagement and certification pathways for AAM operations
- Developing **vertiport** infrastructure frameworks
- Implementing **Safety Management Systems (SMS)** and operational governance structures
- Enabling **technology transfer** and sustainable in-Kingdom **capability development**

KAMS will ensure international best practices are adapted, approved, and sustainably implemented within the regulatory and operational environment.

Aviation
Infrastructure &
Asset Management

Hangars, Helipads & Heliports

Design

Build

Refurbish

Rehabilitate

Authorise

Certify

The Kingdom is making enormous investments in Aviation Infrastructure e.g. Helipads, Runways, Hangars, Helicopter services, for which the improvement, refurbishment and construction of Helipad and Heliport services is essential.

INFRASTRUCTURE | SELECTED KSA CLIENT ENGAGEMENTS

Airport/Heliport Planning · Facility Assessment · Ground Infrastructure · Maintenance Ecosystem · Operational Readiness

Turnkey Rehabilitation

The Royal Court (KSA)

Royal Decrees · National Governance

Complete Rehabilitation including design, civil works, Supply, Installation, Testing & Commissioning of Helipad Lighting and Control System including Radio Control/Data Activation & Epoxy Coating & Marking Works for Helipads. Compliance as per ICAO Annex 14 / GACAR 138. - **Multiple Sites**

Design, Supply & Commissioning

Qiddiyah

PIF Giga-Project Redefining Leisure & Tourism in the Kingdom

Design, Supply, Delivery, Installation, Testing & Commissioning of 9x Helipad Lighting Systems. Compliance as per ICAO Annex 14 / GACAR 138.

Turnkey Development

Confidential

Multiple Engagements

Design, demolition, and full construction of helipads and parking stands with simultaneous operations, including supply as well as installation of heli mats, solar-powered lighting systems with radio control and soil stabilization, all compliant with ICAO Annex 14 and GACAR 138 for tactical deployment – **Multiple Sites**

Supply & Commissioning

Aramco (Saudi Arabian Oil Company)

Global Energy Leader · National Oil Company

Supply, Installation, Testing & Commissioning of Helipad Lighting & Control Systems and Aviation Obstruction Lighting - **Multiple Sites**

Supply & Commissioning

Saudi Arabian Railway (SAR)

National Railway Operator

Supply, Installation, Testing & Commissioning of 1x Helipad Lighting and Control System – **Multiple Sites**

ASSET MANAGEMENT | SELECTED CLIENT ENGAGEMENTS

Aircraft Delivery & Redelivery · Technical Records · Charter Operations · Fleet Management · Operational Oversight

Aircraft Operations

Charter Flights

Fly Beyond the Ordinary

KAMS Global operates a **Boeing Business Jet (BBJ)** based in Dubai, UAE offering premium private charter experiences for discerning travelers across the region and beyond

Technical Records

Jet Aviation - Zurich

Complete **Aircraft Technical Record build-up** (from birth) for **2x BBJ** and **2x G450** for the Royal Saudi Airforce

Aircraft Delivery

Confidential

HNWI - B737-800 (Bermuda) Entry into Service under Aircraft Management Contract for **Commercial Charter Operations**

Aircraft Delivery

Aircraft Leasing Co.

Inspection, Purchase and Delivery of **2x B747** Freighter Aircraft, **2x Engines** & **\$20m of Spares** from Saudia Airlines

Aircraft Delivery

Aircraft Leasing Co.

Turnkey Aircraft **Re-Delivery** Services to Turkish Technic and Jordan Aviation (**3x A320-232**)

Aircraft Delivery

Aircraft Leasing Co.

Repossession of **3x A320-232** Aircraft from Saudi Gulf Airlines
Seized Assets value = **\$150m**

Aircraft Delivery

Aircraft Leasing Co.

Turnkey Aircraft **Re-Delivery** Services to Air Belgium & Hong Yang Group

& more

03

Products & Services

GSE & Tools Product Offering

KAMS delivers a comprehensive portfolio of aviation ground, maintenance, and avionics support solutions tailored for commercial, defense, and business aviation sectors.

Including but not limited too:

Ground Support
Equipment (GSE)

Aircraft Tractors – Diesel
& Electric
(16D–70D / 30E–50E
Series)

Baggage & Cargo
Tractors (Diesel &
Electric)

Military Bobtail
Cargo Tractors

Ground Power Units
(Diesel, Hybrid & ECO e-GPU
| 45–180 KVA)

Aircraft Air Conditioning
Units
(30–115 TON)

Passenger Boarding
& Crew Stairs
Vehicles

High/Low Deck
Loaders & Military
K-Loaders

Container & Pallet Dollies | Baggage Carts

Water & Lavatory Trucks & Carts

Ambu-Lifts

GSE & TOOLS | SELECTED CLIENT ENGAGEMENTS

Ground Support Equipment · Maintenance Tools · Avionics · Ground Power

MAINTENANCE TOOLS & AVIONICS

& more

GROUND SUPPORT EQUIPMENT (GSE)

& more

04

Engineering &
MRO Solutions

Engineering & MRO

**KAMS provides this service through its International Strategic Alliances
Building National Aerospace Independence Through Global Engineering Power**

- 6 Centers of Excellence across the United States
- 5 FAA Repair Stations | EASA Part 145 Approvals
- 3 FAA Production Approved Manufacturing Facilities
- 125+ U.S. Department of Defense Source Approvals
- 1,000+ FAA-approved proprietary parts (DER / PMA / STC)
- ITAR & Military Technical Data approvals
- AS9100D / AS9110C Certified Quality Systems

Licensed by Boeing, Lockheed Martin, Northrop Grumman, Honeywell, GE (Dowty), Hartzell, Bell and other major OEMs, KAMS partners operate at the highest level of regulatory and defense compliance.

Simulation, UAV & Integrated Defense Systems

KAMS, delivers advanced simulation and unmanned system capabilities tailored for aerospace and defense sectors

Simulation & Training Systems:

- Full-scale aircraft cockpit simulators
- Flight Training Devices (FTD), FMS, CPT
- Special vehicle & driver training simulators
- Maintenance simulators & digital visualization systems

UAV & On-Board System Development:

- UAV design simulation & pre-manufacturing
- High-Speed Target Drone (HSTD) programs
- Auto-pilot, telemetry, and digital radio systems
- EO/IR Pods, Laser Designators & Targeting Systems
